

Spiral Packs (London) Ltd

Spiral Packs

Company History

- ❑ Established in 1973
- ❑ Privately Owned Limited Company
- ❑ Continuously scouring the market for innovative print and packaging.
- ❑ Carbon footprint is something we are actively progressing
- ❑ Recyclability is a huge pro for using printed cardboard packaging
- ❑ As part of our commitment to hygiene and quality, we operate a Hazard Analysis and Critical Control Point (**HACCP**) policy
- ❑ We gained **BS5750** status in 1989 which was then later upgraded to **ISO 9001** status
- ❑ We are also certificated as meeting the requirements of the **BRC/IOP GLOBAL** standard and fully computerised
- ❑ **HSQC** Supplier check Food Safety Standard

Spiral Packs:- your perfect partner

- Over 40 years of experience in laminated boards
- Specialist in cardboard for Direct Food Contact
- Flexibility
- Specialist in small quantities
- BRC – IOP certified
- Co-development of specific new to market products
- Virgin fibre and Recycled fibre

Innovation is key

Virgin Fibre Board

- Pioneers and wide experience in the use of Virgin fibre board, in combination with lamination for direct food contact
- Firmness of board guaranteed with less board in combination with bio-degradable liner the complex becomes 100% degradable
- In combination with metalfree liner, the complex becomes 100% metal free and complies to the strictest standards for direct food contact

Innovation is key
